

IBRAHEM ALHUOSSIENT

Flutter Developer | Software Engineering Student

Aleppo, Syria | +963 954 006 505 | ibrahemalhuossienbusiness@gmail.com | [GitHub](#) | [LinkedIn](#)

PROFESSIONAL SUMMARY

Flutter developer and fifth-year Software Engineering student with hands-on experience building responsive mobile and web applications. Skilled in Flutter, Dart, Bloc/Cubit, REST API integration, Dio/Retrofit, dependency injection, and maintainable feature-based architectures. Experienced with multilingual interfaces, responsive design, Git workflows, and integrating Flutter applications with backend APIs.

TECHNICAL SKILLS

Mobile & Web: Flutter, Dart, Responsive Design, Material Design

Architecture: Clean Architecture, Feature-Based Architecture, Repository Pattern, Dependency Injection

State Management: Bloc, Cubit

API & Networking: REST APIs, Dio, Retrofit, JSON Serialization

Data & Services: Hive, Shared Preferences, Secure Storage, Firebase, Supabase

Tools: Git, GitHub, Postman, VS Code, Figma

EXPERIENCE

Mobile App Development Intern | AutoMata4 Group

3-month internship | Aleppo, Syria

- Worked on Flutter mobile application development, UI implementation, application structure, and feature workflows.
- Applied Dart and Flutter fundamentals while collaborating through Git and GitHub in a team environment.

SELECTED PROJECTS

B2B Smart Ordering System - Admin Dashboard | Flutter Web

- Developed the Flutter admin dashboard for a B2B ordering system for supermarkets, covering suppliers, categories, products, supplier offers, orders, sales, and analytics.
- Used Bloc/Cubit, Dio, Retrofit, GetIt, Freezed, Material 3, localization, responsive layouts, and REST API integration.

B2B Smart Ordering System - Mobile App | Flutter Mobile

- Built store-facing workflows for authentication, catalog browsing, orders, supplier offers, inventory/stock tracking, account ledger, profile management, and localization.
- Used Bloc/Cubit, Dio, Retrofit, Freezed, secure storage, REST APIs, and feature-based organization.

Gym Management Dashboard | Flutter Web

- Contributed to a university gym management dashboard with member and trainer management, check-in, reports, attendance, revenue analytics, and dashboard statistics.
- Used Bloc/Cubit, Dio, Retrofit, GetIt, Freezed, fl_chart, secure storage, and responsive Flutter web UI.

EDUCATION

University of Aleppo | Faculty of Information Engineering

Expected 2027

Software Engineering - Fifth-Year Student

CERTIFICATES

Mobile App Development Using Flutter - OUSOS Training & Human Resource Development | 30 hours | Aug-Sep 2024

Flutter Level (2) - OUSOS Training & Human Resource Development | 36 hours | Oct-Nov 2024

LANGUAGES

Arabic: Native | English: Upper-Intermediate (B2)
